

Arena 130

2-way 7" (178mm) Bookshelf Loudspeakers

Black

White

A high-performance loudspeaker at a cost that isn't earsplitting.

There are things in life that remain both powerful and affordable. Case in point: the JBL Arena 130 bookshelf loudspeakers. Who but JBL engineers could devise a loudspeaker where high-performance sound, high-definition imaging, and high-modernist elegance go hand-in-hand at a low price? The Arena 130's 7" (178mm) polycellulose woofer and 1" (25mm) soft dome tweeter combine to deliver standard-setting performance that's both ultra-powerful and ultra-lifelike.

Features

- ▶ Inspired by JBL's legendary M2 Master Reference Monitor
- ▶ Signature JBL loudspeaker performance
- ▶ Understated, contemporary look and feel
- ▶ An audio powerhouse at an affordable price
- ▶ Just one part of an even more powerful system

Arena 130

2-way 7" (178mm) Bookshelf Loudspeakers

Black

White

Inspired by JBL's legendary M2 Master Reference Monitor

High Definition Imaging (HDI) waveguide technology takes its cues from the legendary JBL M2 Master Reference Monitor. Computer-optimized driver positioning and network integration result in ideal performance and lifelike soundstage imaging proven acoustic superiority through rigorous testing and real-world evaluation.

Signature JBL loudspeaker performance

7-inch (178mm) polycellulose woofer brings room-filling JBL sound to all your music, TV shows, movies, and console gaming. 1-inch (25mm) soft dome tweeter provides clean, powerful highs. Experience standard-setting accuracy with TV shows, movies, and games.

Understated, contemporary look and feel

Contemporary cabinet shape with angled side and top panels provide a sophisticated, modern look. Soft-touch paint around the transducers and on the waveguide available in black and white finishes with minimalist grilles and brushed metal trims.

An audio powerhouse at an affordable price

The perfect trifecta of JBL power, precision, and affordable pricing.

Just one part of an even more powerful system
